ACTION PLANS

Class of action implementation plans

Conservation plans

**A. Urban and industrial development
(Tasks 2.1 & 2.2)**

- Detail about the urban development class of action
- Where and how urban development will occur

**F. MNES conservation commitments
(Task 5.5)**

- Detailed conservation commitments for key MNES

**B. Rural residential development
(Tasks 2.1 & 2.2)**

- Detail about the rural residential development class of action
- Where and how rural residential development will occur

**G. State factors conservation commitments
(Task 8)**

- Detailed conservation commitments for individual State factors

**C. Infrastructure
(Tasks 2.1 & 2.2)**

- Detail about the infrastructure class of action
- Where and how infrastructure will occur

**H. Offsets program
(Task 2.3)**

- Detail about the how the offsets program will operate

**D. Basic raw materials
(Tasks 2.1 & 2.2)**

- Detail about the BRM class of action
- Where and how BRM will occur

**I. Assurance Plan
(Task 2.5)**

- Details of the monitoring, reporting and management approaches

**E. Harvesting of pines
(Tasks 2.1 & 2.2)**

- Detail about the pines class of action
- Where and how harvesting of pines will occur

- Endorsed plan under Part 10 of the EPBC Act
- Related action plans to each chapter of the endorsed plan
- Action plans that don't require additional sign off from the Commonwealth
